Equine Laser Therapy

UltaLaser Vet Lite 30W

A Better Life for your Animals

The UltaLaser VET Lite 30W Dual is a state-of-the-art Class IV laser therapy device designed to deliver effective, non-invasive treatment for animals. With its dual-wavelength technology (810nm + 980nm) and 30W maximum power output, this system offers deep tissue penetration to accelerate healing, reduce pain, and improve circulation.

Benefits of UltaLaser Lite

Class IV Laser,
High intensity laser

Fast and effective pain relief results

Smart and easy to operate software

6 preset protocols

2 Working modes, continuous and pulse working modes

Long lifetime, more than 10 thousand hours.

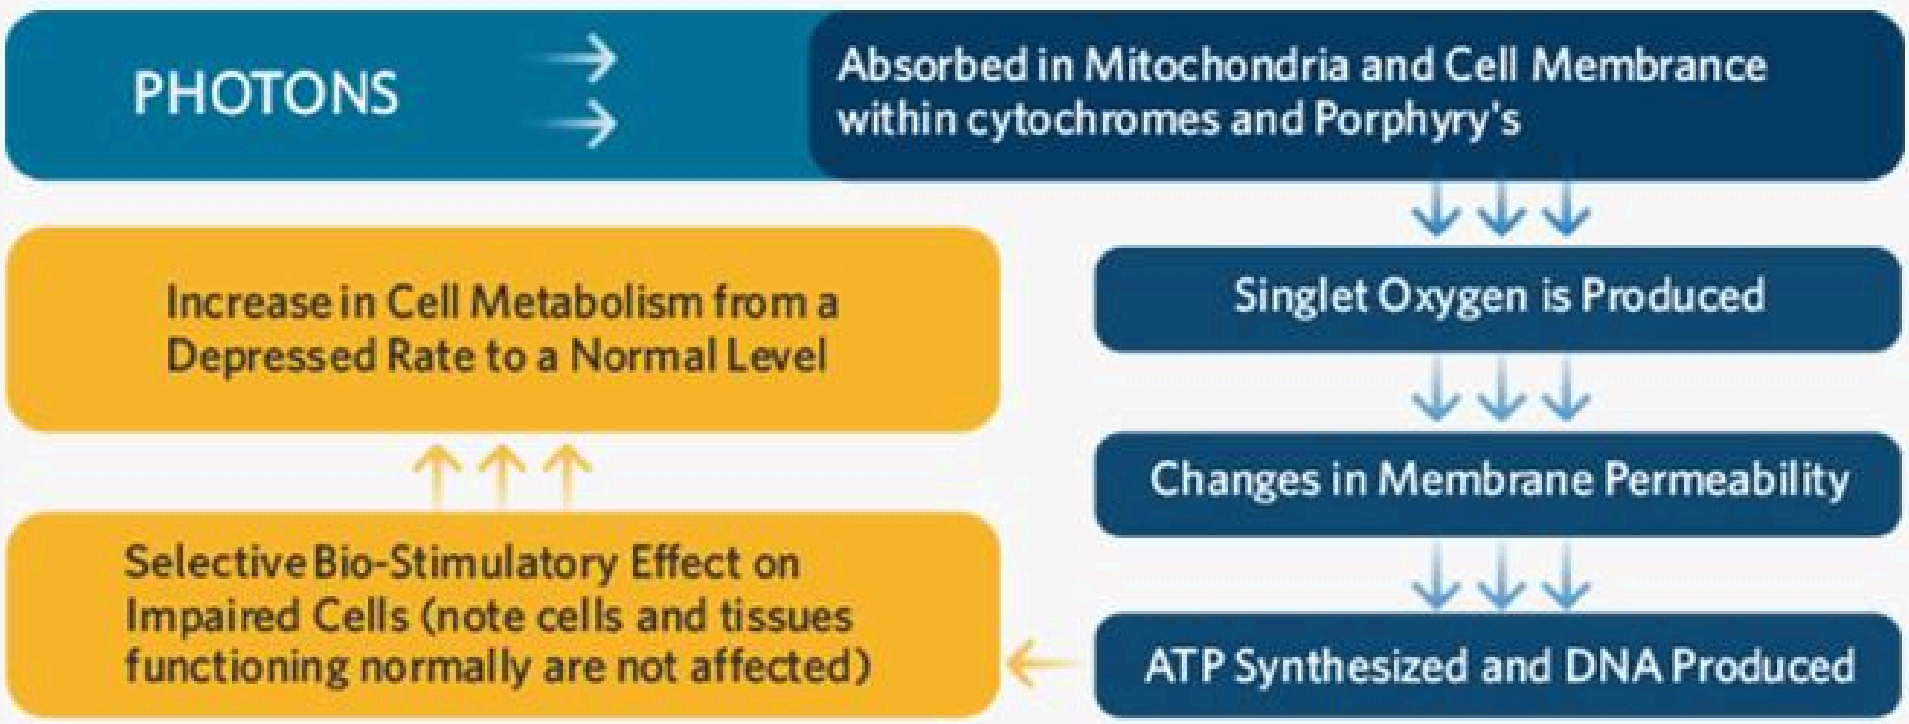
As the clinic's feedback, it can use more than 5 years.

Multi-wavelength, multi-power, multi-mode operation options for different applications

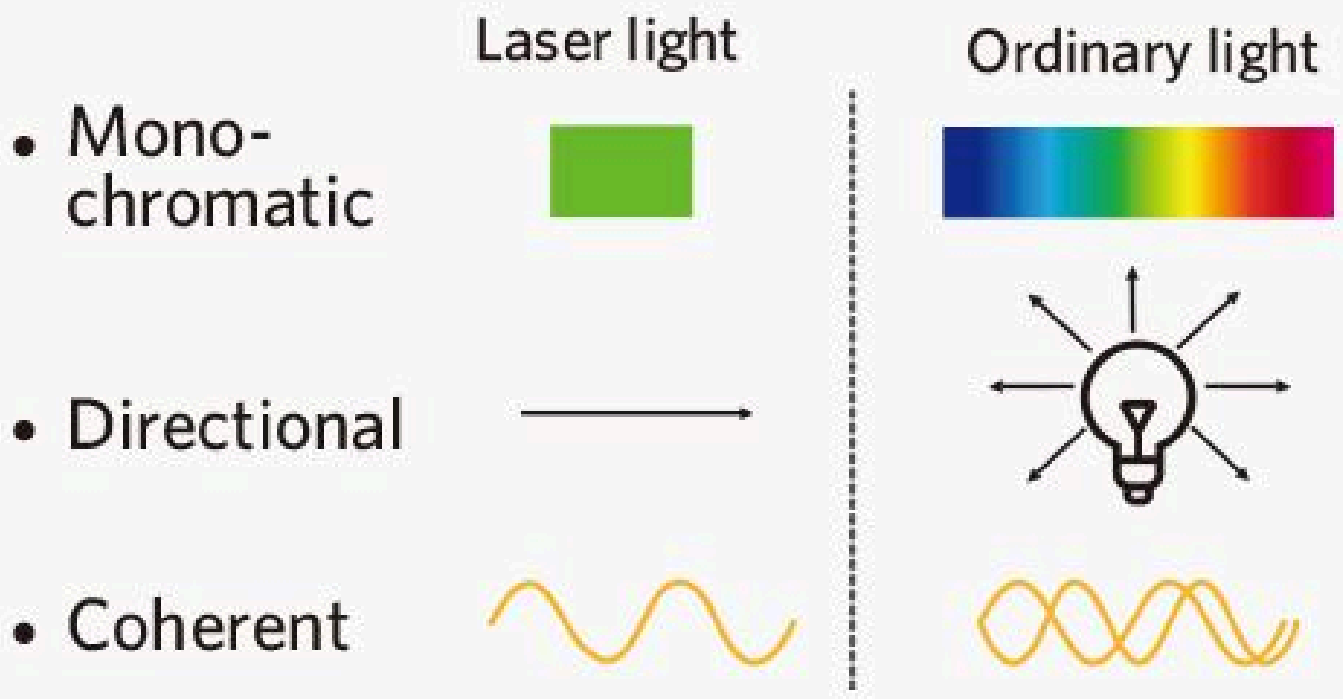
Laser Therapy for Animals

UltaLaser can be used in veterinary therapy, surgery and dentistry. Our machine is the most flexible option for animals undergoing laser therapy!

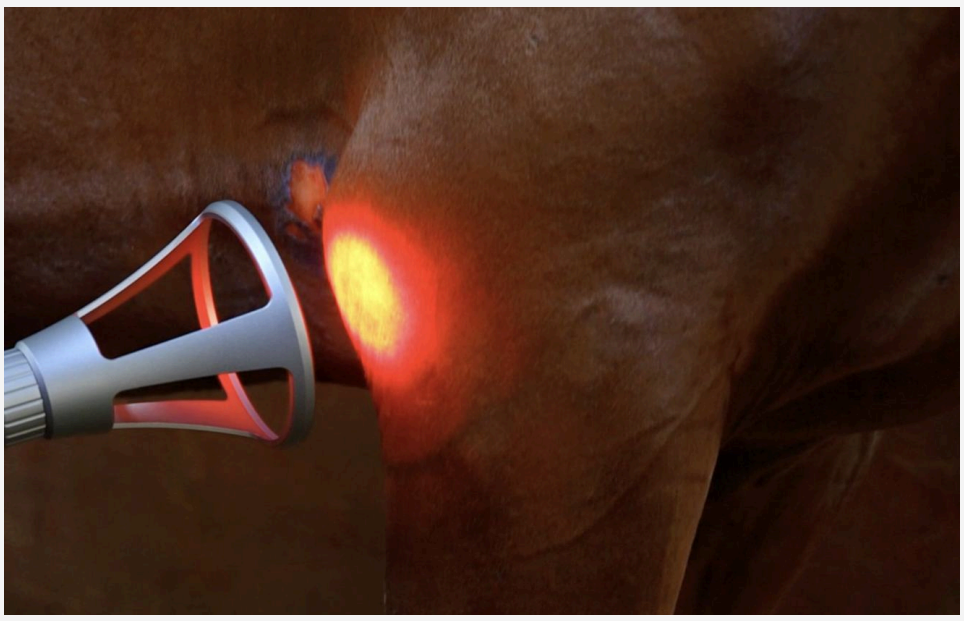
Equipped with an intelligent interface, customizable treatment settings, and an ergonomic treatment handle, this device is ideal for clinics, rehabilitation centers, and mobile equine or veterinary professionals. Its air-cooling system ensures consistent performance, while its user-friendly design allows for seamless operation across different veterinary applications.

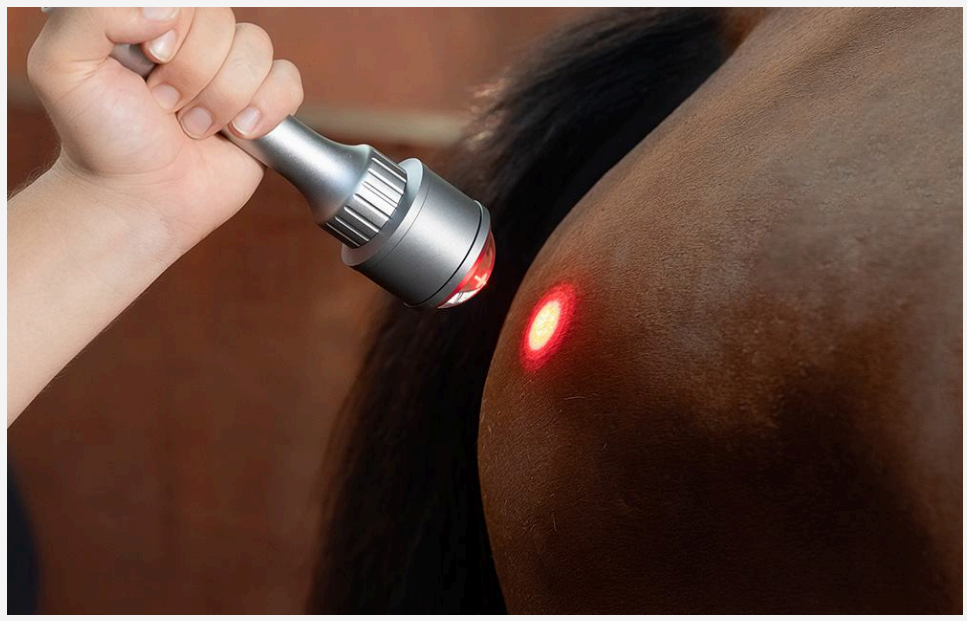


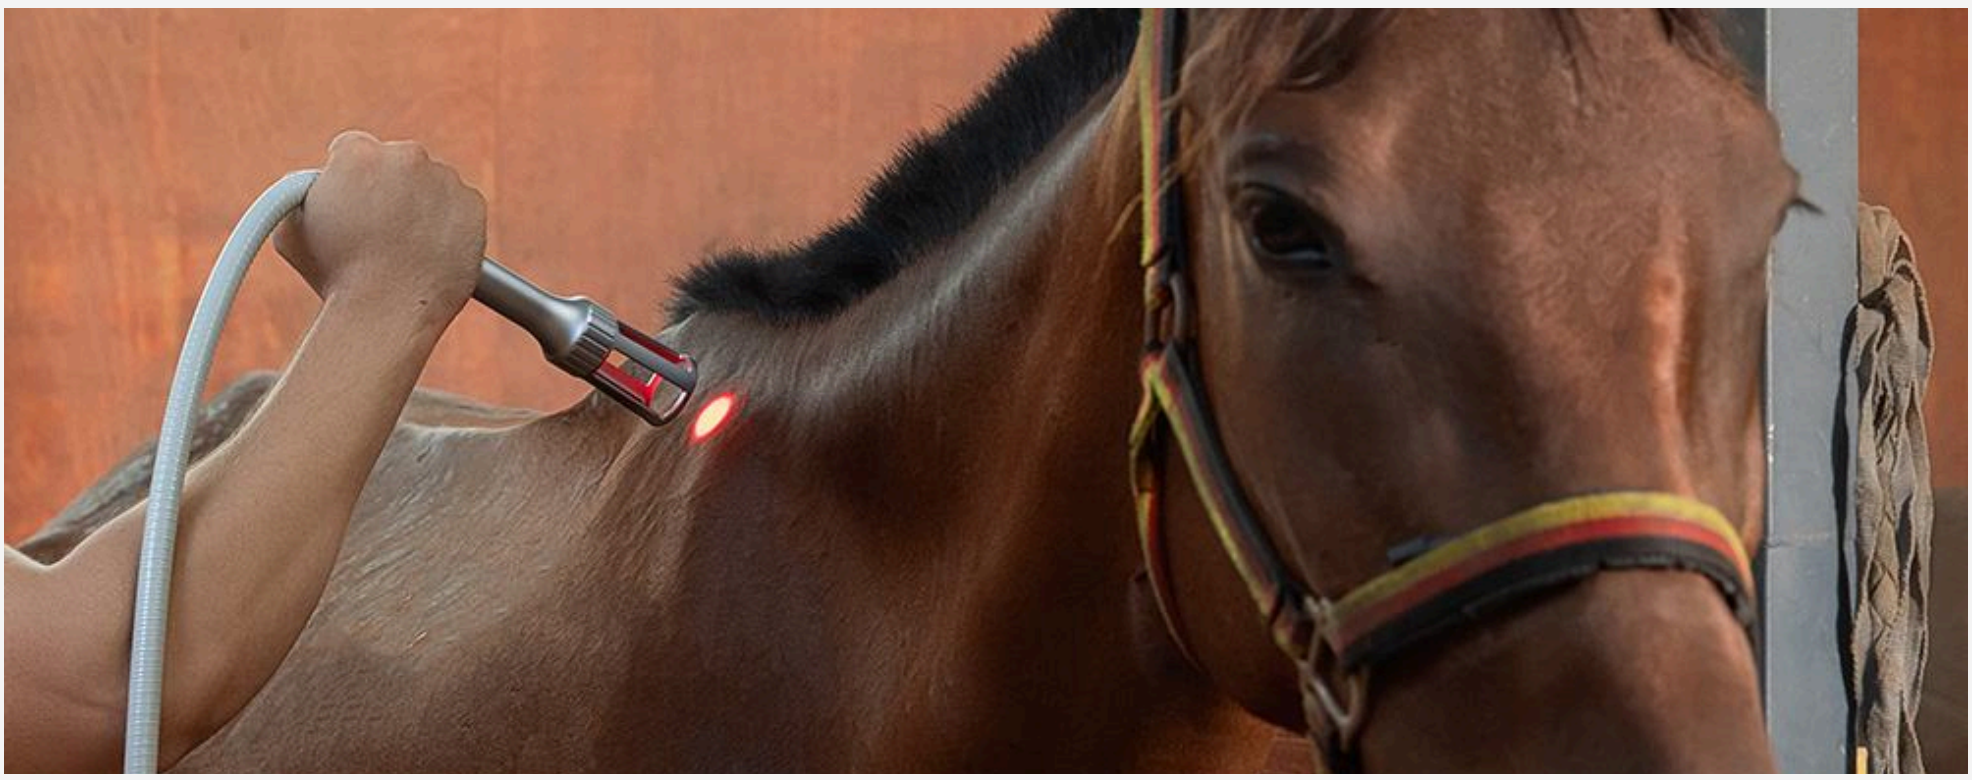
LASER LIGHT DIFFERS FROM ORDINARY



Functions of Laser Therapy

- Anti-Inflammation and Anti-Pain (Analgesic)
- Accelerate Tissue Repair and Cell Growth
- Improve Vascular Activity and Metabolic Activity
- Reduce Fibrous Tissue Formation
- Improve Nerve Function
- Immunoregulation
- Faster Wound Healing






Diseases	Parameters
Post Surgical Pain Management (Feline Orchidectomy/Canine Ovariohysterectomy)	12 watts / 30 sec
Terminal Osteosarcoma	30 watts / 3 min each /CW
Acute Dorsal Lumbar Epaxial Pain	24 watts / 2 min / CW
Oral Surgery	12 watts / 30 sec
Pyotraumatic Dermatitis (Hot Spot)	12 watts / 30 sec
Penetrating Wound to Carpus	12 watts / 30 sec
Generalized Arthritis	5 watts/2 min/ CW
Atoptic Pedal Dermatitis	12 watts/2 min/ CW
Cystotomy Pain Management	12 watts / 30 sec
Lick Granuloma	18 watts/30 sec
Feline Lower Urinary Tract Disease	20 watts / 2 min / CW
Feline Digital Pad Wound and Toe Abscess	12 watts / 30 sec
Post Immiticide Lumbar Myositis	24 watts / 2 min / CW
Canine Rear Leg - Soft Tissue Trauma	12watts / 30 sec
Copperhead Snake Bite Treatment	12-24 watts / 2 min / CW
Acute Otitis Externa	24 watts / 30 sec
Anal Gland Sacculitis	12 w-24w/2 min/ CW.
Unilateral Elbow Arthritis	30 watts / 3 min / CW
Geriatric Arthritis	20-32 w/ 4-5 min / CW
Canine Fore Leg - Soft Tissue Trauma	12 Watts / 30 sec
Hemivertebrae Neuropathy	10 Watts / 3 min / CW
General Lower Urinary Tract Disease	12 Watts / 30 sec
Fracture Healing	24 Watts / 1 min
